

## El Dorado

Hunter Brothers

Yeah, just shine it up, got underneath the hood  
Make sure it's runnin' right yeah ain't it sounding good  
Girl what you doing now? How 'bout we try it out?  
Wanna take a little ride ride, show you what it's all about

Come on baby lay back, just like that  
Get them legs on the leather seat  
Stones on the 8 track  
Top down on the two lane, we can go any ol' road  
Head way out watch the sun sink down  
What's your favourite colour?  
We can paint us up a new town  
Just us kicking dust, girl we can go  
Yeah, roll in my El Dorado  
Roll in my El Dorado

Now we could take my truck  
Yeah, it'll get us there  
The way you look tonight, girl I don't really care  
You wanna mix it up, you wanna turn some heads  
You in the jet black Cadillac

Makes me wanna lay back, just like that  
Get them legs on the leather seat  
Seager on the 8 track  
Top down on the two lane, we can go any ol' road  
Head way out watch the sun sink down  
What's your favourite colour?  
We can paint us up a new town  
Just us kicking dust, girl we can go  
Yeah, roll in my El Dorado  
Roll in my El Dorado

Lay back, just like that  
Get them legs on the leather seat  
Skynyrd on the 8 track  
Top down on the two lane, we can go any ol' road  
Head way out watch the sun sink down  
What's your favourite colour?  
We can paint us up a new town  
Just us kicking dust, girl we can go  
Yeah, roll in my El Dorado  
Roll in my El Dorado  
Roll in my El Dorado  
My El Dorado
