

Peace, Love & Country Music

Hunter Brothers

What if we turned off the news and turned on the stereo
And turned up some good vibes on a good time radio

On the back of a truck
Parked in a field
Or the front of a boat
With a rod and a reel

We take it and say it and play it
Wherever we go

I'm talkin' bout peace, love and country music
Yea, we all need some to get us through it
We'd be a whole lot better of a place
Better by the day, better every way
With a little more peace, love and country music

We give the shirt off our backs and we get a better tan
If you ain't dealt the best cards then we always lend a hand
I went to the born and raised right kinda school
And came out with three simple rules

I'm talkin' bout peace, love and country music
Yea, we all need some to get us through it
We'd be a whole lot better of a place
Better by the day, better every way
With a little more peace, love and country music

Talkin' bout peace, love and country music
Yea that'd be my choice if I had to choose it
We'd be a whole lot better of a place
Better by the day, better every way
With a little more peace, love and country music

Na na na na...
