

Fix Me

Hunter Hayes

Black and white
I know you wish that everything about me was in black and white
The way you like
With a two lane heart and a one track mind
Between the lines
I've been doing everything I can to keep it in between the lines
Must be nice
For you to never have to try

Would you save me or would you leave me on a shelf
Would you take me or would you want somebody else
Would you believe me if I said I was being myself
Could you tell

If the wall comes down
And the truth comes out
Will you be the place
Where my lost gets found
Am I finally free
Am I safe and sound
Or is somebody gonna wanna try and fix me now

Back in time
Everything was easy and I didn't have to think about it
Overnight
I was a problem with an answer only I could find
A simple life
But it's complicated even when you try and oversimplify
Shouldn't be a fight
But it's always been a fight

If the wall comes down
And the truth comes out
Will you be the place
Where my lost gets found
Am I finally free
Am I safe and sound
Or is somebody gonna wanna try and fix me now

If the wall comes down
And the truth comes out
Will you be the place
Where my lost gets found
Am I finally free
Am I safe and sound
Or is somebody gonna wanna try and fix me now
