

# Sober

Hunter Hayes

We should put this bottle down  
Don't need a drink to pour one out  
Spilling secrets out your mouth  
You probably won't remember that  
And if you do, you'll take it back  
So tell me  
What's on your mind?  
Don't let the liquor do the  
Talking  
Say once, think twice  
Don't just drop me like a habit  
Locked in your eyes  
Hoping maybe in the morning  
Maybe in the morning

You'll tell me that I'm worth it  
Beg me to stay over  
Hold me like you want it  
Kiss me when you're sober  
You say it's  
Complicated  
And I said I wanted closure  
All I really want is you to kiss me when you're sober

Kiss me when you're sober  
Kiss me when you're sober  
Baby  
Kiss me when you're sober  
Kiss me when you're sober

Baby if I'm being honest  
I live for when you look at me like this  
I know every word's an empty promise  
But it's more than just pretend  
I still beg for it again  
So tell me  
What's on your mind?  
Don't let the liquor do the talking  
Say once, think twice  
Don't just drop me like a habit  
Locked in your eyes  
Hoping maybe in the morning  
Maybe in the morning

You'll tell me that I'm worth it  
Beg me to stay over  
Hold me like you want it  
Kiss me when you're sober  
You say it's  
Complicated  
And I said I wanted closure  
But all I really want is you to kiss me when you're sober  
Kiss me when you're sober  
Kiss me when you're sober  
Baby  
Kiss me when you're sober  
Kiss me when you're sober

Baby, I believe it (I believe it)  
I know you don't  
But I still need it (I still need it)  
I don't know why  
But I believe it (I believe it)  
Stop and pull me closer  
Yeah, baby, kiss me sober

Tell me that I'm worth it  
Beg me to stay over  
Hold me like you want it  
Kiss me when you're sober  
You say it's  
Complicated  
And I said I wanted closure  
But all I really want is you to kiss me when you're sober

Kiss me when you're sober  
Kiss me when you're sober  
Baby  
Kiss me when you're sober  
Kiss me when you're sober

Kiss me when you're sober  
Kiss me when you're sober  
Baby  
Kiss me when you're sober  
Kiss me when you're sober
