

Victory

Hunter Hayes

I've been broken
I've been fine
I've been happy
And I've lied
I've been all the things I swore I wasn't half the time

I've been down and
I've been high
I've been running for my life
I've been living with the darkness just to see the light

Heard a new call
In the free fall
In the end, all
Of my pieces fell in place

I'm breathing in and out
And that's enough for now
I had my heart ripped out
I'm finally healing
My pain has set me free
I'm finally finding me
And that's a victory
That I can believe in

Oh, all I need
Is a victory
That I can believe in

For the first time
In a while
I'm a human
I'm a child
With a brand new sense of wonder
Living free and wild

It's two steps forward and one step back
I think I'm okay with that
It's better than stuck in my past
I'll take what I can get

I'm breathing in and out
And that's enough for now
I had my heart ripped out
I'm finally healing
My pain has set me free
I'm finally finding me
And that's a victory
That I can believe in

Oh, all I need
Is a victory
That I can believe in

Oh, all I need
Is a victory
That I can believe in

Heard a new call
In the free fall
In the end all
Of my pieces fell in place

I'm breathing in and out
And that's enough for now
I had my heart ripped out
I'm finally healing
My pain has set me free
I'm finally finding me
And that's a victory
That I can believe in

Oh, all I need
Is a victory
That I can believe in

Oh, all I need
Is a victory
That I can believe in
