

Float

Hunter Hunted

Let me see you float
Let me see you float
Just let me see you float

It's been a long time since you planned your escape
And you don't know when or why you gave it away
You're standing your ground but you're running in place
You shoulder your world alone girl how much does it weigh

Follow me to a place where there's no gravity
You'll be safe
So float
Just let me see you float to me
Won't let you go
I won't let you float away
So float
Float
No I won't let you go
I won't let you float away
Let me see you float
Let me see you float

You're losing your head and your hearts not in place
It's getting colder all over but we'll make it okay

Follow me to a place where there's no gravity
We'll be safe
So float
Just let me see you float to me
Won't let you go
I won't let you float away
So float
Float
No I won't let you go
I won't let you float away

Ahhhhhh, oooooooooooooo
Ahhhhhh, oooooooooooooo

So float
Just let me see you float
Just let me see you float
I won't let you float away
Float
Just let me see you float to me
Won't let you go
I won't let you float away
No I won't let you float
No I won't let you float
I won't let you float away
Float
Float
No I won't let you float
I won't let you float away
