

## Where It Ends

Hunter Metts

If this is where it ends  
Where do I go when you know every part of me  
I don't know where to begin  
Picture perfect but you see it differently  
And I know you're over it already so I bite my tongue  
And if it's in my head, where do I go you don't want any part o  
f me

So if it's the last time  
Take me back where it started  
Hold me, like I know you can  
Just tell me one more time that you love me again

So if it's the last night, I'll ever be with you  
I'll be someone I can't  
Just tell me one more time that you love me again  
If this is where it ends

I know we're right on the edge  
I never thought that we'd be 6 feet under  
Someone that you regret  
On the interstate I felt you getting colder  
And I hope you're doing better ever since we were done  
I hope you find forever with somebody you love I guess  
But I didn't think it'd cut like this

So if it's the last time  
Take me back where it started  
Hold me, like I know you can  
Just tell me one more time that you love me again

So if it's the last night, I'll ever be with you  
I'll be someone I can't  
Just tell me one more time that you love me again  
If this is where it ends  
Where it ends

So if it's the last night, I'll ever be with you  
Just hold me like I know you can  
Just tell me one more time that you love me again  
If this is where it ends
