

# Growing Up Is No Fun

Huntingtons

Life in high school wasn't always great  
No I had some bad times  
I was looking forward ya I couldn't wait  
To get out and me on my own and do what I wanna do  
And hang with you all day the girl I had but never really knew  
That you felt the same way too  
Oh it's making me so blue  
It's you could've helped me to get through  
All those the nights that you climbed up to my room  
oh growing up is no fun  
No it's too hard right now  
Oh growing up is no fun  
I wanna stop it somehow  
Growing up is no fun  
But if I have to I wanna grow up with you  
there's no more watchin' movies all night long  
Or talking about how (?) we don't get belong  
And using words that (?) hey that's just not true  
No a lot of big words that (?)  
That she felt the same way too  
Oh it's making me so blue  
It's you could've helped me to get through  
All those the nights that you climbed up to my room  
I didn't know that you had something oh so special  
My mind just went blank when they went to a commercial  
Now I see (?) and it's probably too late  
Dreams are (???) oh oh yea
