

# Flesh

## Huntress

Nightmares don't trouble me  
I wear them on my sleeve like a wet stain  
Re skies in the morning signals my final warning  
Predicting your pain

Hey!  
I'm not the same  
I'm in lust  
Feel me bust

Hunt you like a wild beast  
Turn you out for my release  
Craving your flesh

What I'd give to watch you cry  
Sister, I ain't gonna lie  
Unless it's on your flesh

Watching you walk alone  
I call you on the phone  
Heavy breathing

Night covers me  
It's all clear  
I want your fear

Hunt you like a wild beast  
Turn you out for my release  
Craving your flesh

What I'd give to watch you cry  
Sister, I ain't gonna lie  
Unless it's on your flesh

You on my shelf  
I can't control myself

Fall to your knees  
Crawl to me

What makes me want you bad?  
Well, I can't stop craving your flesh

Hunt you like a wild beast  
Turn you out for my release  
I'm coming craving your flesh

What I'd give to watch you cry  
Sister, I ain't gonna lie  
Unless it's on your flesh  
Your flesh  
On your flesh
