

# Bad Bad

Hunxho

Mm, ah yeah  
Ah yeah  
Ah yeah  
Yeah

I took time out the streets  
You want Benz or a Jeep?  
You tryna make love on the beach?  
You want this necklace, Van Cleef?  
You want your hair did, nails did, everything fleek?  
I want you bad-bad  
I go crazy for you, baby, I go mad-mad  
I'll fuck her while she bleed, I feel like Mad Max  
They sayin' that I'm crazy, I feel like Badass (Badass)  
She go Prada and Amiris, she got mad bags  
We go to LA, I'll lock in, I'm at Chalice

I don't do second chances  
I don't talk a lot, but, girl, for you, I'll answer  
I don't really shoot my shot, but when I shoot, it's not jammin'  
Baby, I can't give my heart to you 'cause I'm damaged  
Yeah, yeah, yeah  
Call, I'll be there  
Fall, I'll be there  
Runnin' with my heart, I feel I'm all out of breath  
Don't be feeding me lies, I rather starve myself

I took time out the streets  
You want Benz or a Jeep?  
You tryna make love on the beach?  
You want this necklace, Van Cleef?  
You want your hair did, nails did, everything fleek?  
I want you bad-bad  
I go crazy for you, baby, I go mad-mad  
I'll fuck her while she bleed, I feel like Mad Max  
They sayin' that I'm crazy, I feel like Badass (Badass)  
She go Prada and Amiris, she got mad bags  
We go to LA, I'll lock in, I'm at Chalice

Heart so anemic  
Scars, I'm bleedin'  
A hundred thou-wow  
How can a car be a Demon?  
You get what you ask me for, I'm like a genie  
I make 'em disappear, oh Lord, I'm like Houdini  
Bitches tryna get my heart, know they been fiendin'  
Put my guard up, they still wan' cross me like I'm Jesus  
Put my guard up, they still wan' cross me like Ariza  
Can't give 'em a reason, yeah  
He don't wanna be me 'cause I'm bleedin', yeah  
Opps don't wanna slide 'cause we too deep in here  
Baby, I'm so bloody, I can't see or hear  
Can't run out of money, people need me here

I took time out the streets  
You want Benz or a Jeep?  
You tryna make love on the beach?

You want this necklace, Van Cleef?  
You want your hair did, nails did, everything fleek?  
I want you bad-bad  
I go crazy for you, baby, I go mad-mad  
I'll fuck her while she bleed, I feel like Mad Max  
They sayin' that I'm crazy, I feel like Badass (Badass)  
She go Prada and Amiris, she got mad bags  
We go to LA, I'll lock in, I'm at Chalice

Yeah, yeah  
She got me mad-mad  
Mad-mad  
Girl, you make me mad-mad, mad-mad  
Girl, I want you bad-bad, bad-bad
