

Help Myself

Hunxho

Try to fight it
Can't even feel it

Yeah, I can't keep falling in love for no reason, no
Girl, and when you told me you loved me, I know you ain't mean
it at all (G-Icy DaFlex God)
Yeah, and baby, I can't help myself
How many times I tried to tell myself?
I can't help until I help myself
I been focused, tryna heal myself, no, no

Hmm, how the hell do I keep falling in love?
I can only blame myself and that shit pissing me off
When I was fucked up, my bitch had ended up kicking me out
I want my own shit
Now I got my own shit
Why I can't see really none of them bitches that I go with?
I don't wanna break your heart, go to my old self
I don't wanna break your heart and be like, "Oh, well"
I done had a change of heart from sitting in the cold cell, yea
h, yeah
Will I find real love? Shit, only time'll tell, yeah
Hard days and heartaches, yeah, that's that shit'll kill you
And stuck up in my ways, just talk and I'll feel you
Hope that I'm a real one, yeah, yeah

Yeah, I can't keep falling in love for no reason, no
Girl, and when you told me you loved me, I know you ain't mean
it at all
Yeah, and baby, I can't help myself
How many times I tried to tell myself?
I can't help until I help myself
I been focused, tryna heal myself, no, no
