Hunxho

That's that gas, that global high  
I feel like the biggest, oh, yeah  
I feel like the biggest, oh, yeah, yeah  
I feel like the biggest, oh, yeah  
Huh? Uh

I feel like the biggest, oh, yeah  
I'm the one who really did it, oh, yeah  
My brother, yeah, he took the sentence and he went to prison because our decisions, oh, yeah, yeah  
Huh, I never changed on 'em  
We had fell out and I put the blame on 'em  
He still call me, I got the same number  
We been ballin' just like Andre Drummond  
If you my dog and you solid, put chains on 'em  
I remember when police put chains on me  
They was locked up, we been glocked up  
2200, uh-huh  
Elevating, been highly performing  
In the jungle, that's where I was born  
I'm still tryna make it up out of that storm  
And I never hated, oh, I put 'em on

I thought about givin' up, but I kept going  
When you get money, the problem be pouring  
Thought about suicide so many times, but if I did it, who gon' be there for my son?  
On the way to the studio, high speed chase in a 'Vette, in the driver seat s trapped with a gun  
I know if they send me to jail, I ain't coming back, 'fore I do that, I'll go on the run  
All of my chains got VVS, I got red on the seats all inside of the 'Vette  
I do not know if it's legal, but I'm walking 'round with a vest, pray they s hoot for my chest  
I remember them times that you didn't slide when I went slidin'  
I remember them days on G block as a kid, them was the good times  
I been buyin' all the unreleased, I wear it one time, remember I couldn't buy 'em  
I remember I took off the label, they tried holdin' me back 'cause they thought that I couldn't sign  
I'm the biggest  
Now all of this shit is expensive, I'm all on TV, I feel like Diddy  
Yeah, why these fuck niggas be hatin' on the boy? I'm the youngest, plus I'm the littest  
Y-E-S, yeah, I go hard, I'm probably the best, yeah  
Yeah, S-E-X Money Murder, you play with it, shoot at your neck  
M-M-M, mayhem, murder, and madness, shoot to the death  
B-B-L, I dropped a check just for a big booty bitch  
Rollie up under the cover, I feel like Future, yeah, cuddle my wrist  
I know she ain't adding no value to me, you really think I give a fuck 'bout a bitch?  
I treat these hoes just like football play, lil' bitty bitch know I'm the catch  
E-A-S-T side of the bity, you know where I'm at  
I know I did a whole lot shit that I don't regret, I don't live with regrets  
I could never owe a lil' nigga, take this shit, bitch, I ain't living in debt

Top of the building like Willie B, nigga, I get up there, I get to beatin' on my chest  
And it been in me, I got the yopper on me because without the yopper, wouldn't be where I'm at

Feel like the biggest, oh, yeah
