Yeah, you hoes so toxic  
I don't know what you doin', baby girl, don't stop it  
You know what I do to you, yeah  
You know what you do to me, I'm the hot topic  
Go, go, go is what you better do  
Slow, slow, slow, do what I'm tellin' you  
I need your body, yeah, we vibin'  
I need what I need, yeah, be solid

Fuck me 'til we deep sleep, we zombie  
Oh, she like bad boys? She a Rihanni  
Oh, she like fashion? Hit her designer  
Louis and Prada, talkin' 'bout no Zara  
She roll with me, stay down 'til my road out  
Oh, she get fly by herself, no pilot  
You ain't gotta die by yourself, I got you  
Rolls, gotta go to backseat, I'm not drivin'  
Yellow on the Jeep truck, no pollen  
We don't ever need them other bitches, we vibin'  
I been in the latest, never come for my stylist  
Forever appreciate her, girl, I'm lovin' your body  
Nigga ever play with you, girl, this shit'll get bloody  
You can pick a car, but you ain't never gotta drive it  
Drive it, drive it, drive it, drive it  
Drive it, drive it, drive it, drive it  
Drive it, drive it, drive it, drive it  
Drive it, drive it, drive it, drive it

Yeah, you hoes so toxic
