Hunxho

(G-Icy, the flex God)  
Yeah

Oh baby, you a freak in the morning  
Freak in the morning  
Get straight to it, we won't speak in the morning  
Do I love you? Shit, we'll see by the morning  
We'll start at night time, we'll go 'til three in the morning girl, ah yeah  
Ah, ah yeah  
Do you want me or you just want my sex?  
Don't walk away from me, but when you do, it's so sexy  
Just wait on my call, but when I do, is you ready, girl?

You like doing what I said  
Walking out on me, it won't happen, I won't let it  
Got you out with me, I got these niggas so jealous  
Listen, you can have her when I'm done, you don't get it  
I showed her everything that you could show her come with it  
I'm a street nigga, baby, I don't want no wedding  
I only do my part and nothin' more, I'm not petty

Oh baby, you a freak in the morning

Baby, I don't need help, if I fall I'll limp  
Girl, never leave but you can call out sick  
I'm lit, let's have a baby, you do not need him
