

Make Time

Hunxho

(Who made this beat? Twysted Genius, baby)
Yeah, yeah, yeah
Hey

Feel like I'm dying, but I was not living
I know you tired of crying, like baby, I'm different
I ain't got time, girl, make your decision
But I can make time, girl, baby, I'm tripping
You gotta be all in, you gotta listen
You can be my treasure, baby, I'm gifted
You know I be down, down, girl, uplift me
We can do whatever you want to, I'm not tripping

We can do whatever you want to, girl, I'm ready
Settle down, girl, I'm tryna give you my baby
Would you be around when I be down and not having?
I can't put you in a private jet, I'm not Baby
Stuck inside the gutter, I think that's where my head at
Bitches gettin' to me in my past, I can't let it
I know I ain't God, but it'll be if I said it
I know I'm in love, but you can leave when you ready
Yeah, how I love you? I don't love myself
I be alright, when I'm with you, I'm better
And every bitch that did me wrong, I left (I left)
I'm like, "Bae, don't do me wrong, I'll leave" (I'll leave)
I'm like, "Bae, don't do me wrong, I'll bleed" (I'll bleed)
I was blind until I met you, I see (I see)
But you know I could have whoever I see

Feel like I'm dying, but I was not living
I know you tired of crying, like baby, I'm different
I ain't got time, girl, make your decision
But I can make time, girl, baby, I'm tripping
You gotta be all in, you gotta listen
You can be my treasure, baby, I'm gifted
You know I be down, down, girl, uplift me
We can do whatever you want to, I'm not tripping, yeah

I wish I could love myself
Like I love you and nobody else
Satin pink panties, now I smoke behind you
I can't help it since I wanna sit beside you
I can't help but ride it when I'm on a Mongoose, yeah
Knockin', knockin', knockin' hard
Knockin', knockin', knockin', knockin', knockin' our boots
Knockin', knockin', knockin' that pussy (Woah)
How I love you, I don't love myself? Yeah
Too in love, I don't check on myself, yeah
Feel like I'm drowning (Drowning)
Started sinking when I dived in (Dived in)
When I talk, you don't listen
I got options and decisions
You had me in my feelings off liquor (Woah)
You had me down bad

Feel like I'm dying, but I was not living
I know you tired of crying, like baby, I'm different

I ain't got time, girl, make your decision
But I can make time, girl, baby, I'm tripping
You gotta be all in, you gotta listen
You can be my treasure, baby, I'm gifted
You know I be down, down, girl, uplift me
We can do whatever you want to, I'm not tripping, yeah
