

Pop Shit

Hunxho

Yeah, tryna go to Heaven, well, can't be ridin' in no Hellcat
I ain't on the beach, I'm on the block where them shells at
Before the DA, tryna find out if my shells match
No, I ain't mumblin' at all, this shit real rap

Yellow whip like Pikachu
Dolph, ooh, no red nose
I don't even play, they miss the play though hoe
Young nigga park shit, I ain't got no grease though
Young nigga walk on shit, I ain't talkin' 'bout beach though

Damn, I caught a RICO
I don't know what these Feds thought, but that case beat though
They ain't got tomato, but they tryna catch up
Feelin' like I'm known, they keep tellin' me I'm next though
I wipe a opp then post a picture, nigga rest up

Big body red truck, big body Trackhawk
I spin this block, then have lil' buddy doing the pimp walk
I've been rockin' solo, I don't know where hoes are
Nigga can't even come out here, nigga this a no zone

Now I like smellin' nigga, tryna put my nose on
Swear I hit the spot, I was tryna put my clothes on
This a gladiator, it ain't got no doors on
Put a pole in the middle of the hood, tell her pose on it

He will find demons, I will find casings
And I can't leave the state, yeah
Can't go and see my momma 'cause I'm on probation
And I told mom I got her, just be patient
The pigs fucked up my emotions, I don't eat bacon
I swear to God I'd go back broke, it's 'bout to take in
As long as my food straight, I don't care if I make it

Yellow whip like Pikachu
Dolph, ooh, no red nose
I don't even play, they miss the play though hoe
Young nigga park shit, I ain't got no grease though
Young nigga walk on shit, I ain't talkin' 'bout beach though

Damn, I caught a RICO
I don't know what these Feds thought, but that case beat though
They ain't got tomato, but they tryna catch up
Feelin' like I'm known, they keep tellin' me I'm next though
I wipe a opp, then post a picture, nigga rest up
