

Terminator

Hunxho

(Tahj Money)
(Dmac on the fucking track)
Yeah, yeah
Yeah, yeah, yeah, yeah
Know I ain't perfect, Lord
I been trying, Lord
Hear me out, God, oh

I talked to God about a lot, like, "God, come hear me out"
Please, I been on my knees, oh Lord, I'm begging that You see me
Lord knows I been thugging, is it right for me to grieve?
Is it right for me to bleed? 'Cause they don't bleed how I bleed
Will I ever make it out the hood, like probably
I don't never talk 'bout when these niggas copy me
Yeah, knowing I'm the originator, knowing I'm the terminator
Just like Arnold Schwarzenegger

Shoot just like we [?], these young niggas killing daily
I can't be nothing like my father, gotta take care my baby
We do just Texas Walker, see that bitch, we slam
The trap beat just like Vince Carter, this ain't no NBA
Since fifteen, I been the man
I was deep off in these streets, then I turned a business man
I wouldn't know a plan B, I only had one plan
How can I do everything? Girl, I'm only one man
Even though my heart big, I can't go for nothing
My mama said don't fall for nothing and stand for something
I don't write, I'm like the box, I like to punch in
Been in the hood, but where the key? Feel like I'm stuck in
I feel like I'm stuck in, oh yeah, yeah

I talked to God about a lot, like, "God, come hear me out"
Please, I been on my knees, oh Lord, I'm begging that You see me
Lord knows I been thugging, is it right for me to grieve?
Is it right for me to bleed? 'Cause they don't bleed how I bleed
Will I ever make it out the hood, like probably
I don't never talk 'bout when these niggas copy me
Yeah, knowing I'm the originator, knowing I'm the terminator
Just like Arnold Schwarzenegger
