

# Vendetta

Hunxho

I don't trip when shit get hard  
Yeah, I'm up a couple million, but I still get 'em robbed  
I don't hate to say I hate what happened 'cause I got love for Saad  
And I can't never stop makin' money 'cause I love to ball, Reese  
Got too many rods, reach  
And I can't fuck with her, please  
She ate too many bars, sheesh  
A nigga diss on dog, bleed  
I give 'em all one, each  
When I didn't have none, eat  
It was me and dog, Meech  
Out the ghetto, I did better, I can't give up  
It's two-tone, that's my setup  
Speak on me, his shit get wet up  
Play with me, this shit get hmm  
Whoever play with me like hmm  
This shit on the floor like brooms  
Bitch, I'm known to make a move, right  
And I can't look up to the stars no more, can't see that far  
When I failed, if I asked for help and they wouldn't give me all  
Finally back, I'm doin' good, so please don't see me off  
Huh, and I walk on every song  
Come through in the Hell-Hawk  
I peep shit, I just play it off  
I fuck up a hundred on a Sunday, niggas barely ball  
I cut all my hair off on a Sunday, niggas barely bald  
I hit shit like Barry Bonds  
Bitch, I ball like and-one  
He got smacked for sayin' somethin'  
I got millions and some  
I'm comin' through like heads up  
When she come over, legs up  
If I come over, red rum  
Know these niggas dead wrong  
If it was me, ain't sayin' nothin'  
I been tryna keep my head up, I'm outta the ghetto  
Put a switch on every gun, bae, go tell 'em to bet up  
Put this shit up for my son, I be chasin' this cheddar  
I been on the run, I ain't been in Coachella  
I don't see nothin' else but money, that's on my vendetta  
Did a show out in Chicago while rockin' a Pelle  
If a nigga ever try this shit, shoot at his skully  
And I'm glad I left the streets, I was really a bully  
I got too much, ain't really trippin' 'bout losin' no money  
On Blood, my youngin, they'll shoot with me, look at me funny  
I hit the mall and I bought all of the Louis V skullies  
I couldn't hide it 'cause my mama been knew I was thuggin', Blood, nigga

My mama, nigga  
Been thuggin', nigga, been doin' this shit y'all niggas just now doin', nigg  
a  
Been poppin' guns, nigga, been gettin' money, been robbin' and flockin'  
Been stickin' cars up, you know?  
I done did it all, nigga, everything, nigga  
I'm on some, I'm on another wave, though  
On God  
Catch one of these, I still get like that, on Blood, nigga
