

Yeah Yeah

Hunxho

(That's that gas, that global high)

Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah, yeah

Huh, sat in my cell and thought to myself
Thinking 'bout the shit that I did, how I got here
Writing my plans down in my pad
Know I survive whatever, couple niggas won't last
Like when I get up out this bitch, swear I can't go back
I need a pass inside the pad
Can't change the past, was making bad decisions
Know this shit won't last, was taking pills to make my time go fast
I can't regret the shit I did 'cause I can't make the time go back
I had to take my time for that, and my dog took some time for that
You can't hang up phones, 'cause once they gone, it ain't no calling back
It ain't no calling back, yeah, yeah

[illegible]

And I been dodging sentences, don't like paper
I know you said you love me and you with me, but is you lying, lady?
I don't need you fucking with these niggas, you gotta be slime, baby
I ain't insecure at all, make it known you my baby
Would you tell [?] let's get it
I don't do back and forth, you tripping
Shit stay between us, I won't mention
Nigga diss, you bet I flip him
I can't hide my pride, I kill it
Baby, I'ma die the realest
Be the drug to cure my sickness
Beat her back, oh yeah, I drill it
It's real, my love, oh yeah, I mean it
Don't play with my heart, yeah, I feel it
Don't cross me yet, I know you Christian
Don't take my love, yeah, don't steal it
Don't play with blood, oh yeah, you silly
His dog'll kill him, something like Gillie
Diamonds water wet, no willy
She get around, we can't get jiggy

[illegible]

Yeah, yeah, yeah, yeah, yeah, yeah, yeah
