

## Dynamo

### Hurray For The Riff Raff

My baby wanna ride  
On the big smokestack  
My baby wanna ride  
And she ain't coming back

Why don't you understand it?  
Man, you don't even know  
She's just a modern bandit  
Regular dynamo

My baby on a plane  
My baby on the road  
My baby on a train  
Well, she just gotta go

Why don't you understand it?  
Man, you don't even know  
She's just a modern bandit  
Regular dynamo

Well, she lived up in the city  
But she gotta roam  
Couldn't make it in the country  
'Cause she felt all alone

Why don't you understand it?  
Man, you don't even know  
She's just a modern bandit  
Regular dynamo

My baby wanna ride  
On the big smokestack  
My baby wanna ride  
And she ain't coming back

Why don't you understand it?  
Man, you don't even know  
She's just a modern bandit  
Regular dynamo
