

Fly Away

Hurray For The Riff Raff

I'm so tired of feeling so down
Well I'm so tired of feeling so down
I just want to fly away
I just want to fly away, away, away
Away, away.

Will we always be controlled by these demons?
Will we always be controlled by these demons?

We just wanna fly away
We just want to fly away, away, away
Away, away.

We just wanna fly away
We just want to fly away, away, away
Away, away.

Well goodbye sunshine
I'll see walks another day
