

Go Out on the Road

Hurray For The Riff Raff

Well I guess I'll just go out on the road
Oh I guess I'll just go out on the road
'Cause you were my, you were my steppin' stone
Well out there the people will treat me right
Yeah out there the people will treat me right ooh
Without you, the weather won't feel as nice
Oh the weeping willow tree she cries, she cries for me
'Cause now I'm gone, I didn't wanna go
Why won't you quit your silly games
And love me just the same
'Cause now I'm gone, I didn't wanna go

Now why'd you have to run me out of town
Oh why'd you have to run me out of town
'Cause I'm out here where you can't find me now
Well the weeping willow tree she cries, she cries for me
'Cause now I'm gone, I didn't wanna go
Why won't you quit your silly games
And love me just the same
'Cause now I'm gone, I didn't wanna go
Well I guess I'll just go out on the road
Oh I guess I'll just go out on the road
'Cause you were my, you were my steppin' stone
Oh you were my, you were my steppin' stone
