

## Lately in Dm

### Hurray For The Riff Raff

Lately I don't know just what to do  
I've been waiting for a sign but it's no use  
Bad luck spreads through this town like a disease  
Brings the whole damn city down on its knees  
But I'm still waiting for fall to come around  
The leaves will change to red and gold and brown  
And everything will seem new again  
I never said that I was an honest man  
But I do my best any way that I can  
I walked into the night and it was blue  
I left the door open to our room  
You're leaving  
You're leaving  
And I'm staying  
I'm staying  
Well may that moon be bright  
On that fateful night  
When you walk out the door  
I'm leaving  
I'm leaving  
And you're staying  
You're staying  
Well we laid in bed all day  
But now I am going away  
And I won't see you for a long old time
