

## Settle

### Hurray For The Riff Raff

Every night before I, go to sleep  
I listen long to the, bustling streets  
And I wonder, how long, I'm gonna settle  
Oh I'm gonna settle

They raised me up, on brick and bread  
Concrete jungle living, in your head  
And I wonder, how long  
I'm gonna settle  
I'm gonna settle

My mama, was told by them  
And my daddy, he was told by them  
Oh man, won't you be the one  
To help me understand?

No answer, just waiting  
Anticipating why

Hmm -  
Ooh -  
Hmm -  
Hmm -

A little patchway up, in the sky  
It says "you can leave here, any time you like"  
And I wonder, how long, I'm gonna settle  
How long I'm gonna settle  
How long  
I'm gonna settle
