

## WOLVES

### Hurray For The Riff Raff

Go away from here, darling  
All the wolves have arrived at your door  
Ooh-ooh-ooh, ooh-ooh-ooh

Go away from here, darling  
Go to some distant shore  
Because it's not safe at home anymore  
Not safe at home anymore  
Not safe at home anymore

You gotta run, babe, you know how to run  
Run, babe, you know how to run  
You gotta run, babe, you know how to run  
(Run, babe, you know how to run, babe, you know how to run)  
You gotta run, babe, you know how to run  
You gotta run, babe, you know how to run  
You gotta run, babe, you know how to run  
(Run, babe, you know how to run, babe, you know how to run)

Run, babe, you know how to run, babe, you know how to  
Run, babe, you know how to run (Run, babe, you know how to)  
Run, babe, you know how to run, babe, you know how to
