

# Playas Rock

Hurricane Chris

See this how playas rock  
If I don't like the way she acting  
Then I'm a tell her bye  
How you goin play a player  
You know how playas ride  
Game recognize game  
And I been running game a lot  
Never get caught in my life  
Cross my heart and hope to die

See this how playas rock  
See this how playas rock  
See this how playas rock  
See this how playas rock

Everything was cool we was feeling each other  
Chilling in the jacuzzi just water no bubbles  
You know me I keep it gutta  
Hit it until you studda  
Then she got there asking me questions  
Like she was undercover  
Like who was that little chick that I let ride up in my ride  
I'm a pimp so it ain't nothing for me to think of a lie  
But I'd rather keep it real  
And tell her just how I feel  
Looky here if you see with with another chick  
Then it's just what it is  
You ain't my main dame  
I just beat you out the frame  
Baby I'm hurricane  
You gotta stay in yo lane  
Stick to the script of a pimp  
And follow my gutta rules  
And I u feel like u wanna leave  
Then do what you do  
Baby u think I'm goin cry  
Just because I lost you  
Everytime I loose one  
I bounce back with 2  
How you think I got you  
Somebody got laid off  
I'm a pimp I pimp a chicken  
Until she get plaid out

Say little mama let me get up in it  
Betta make you wanna give it to me  
Like you never gave it up before  
And I bet I make you moan  
With my boys when I pull up in a Rolls roise  
I know where to hit ro  
And I pull up fresh in the back  
And the mode real low low

She can't see my eyes  
Everybody holla cuzya boy so blind  
And all I gotta do is get her in my ride  
Give me a million dollars and I can make it go live  
Let it be any chick in the world and I can make her mine  
Put her in the whip  
Now I'm feeling on her thighs  
Take a shot of patron  
And I'm feena go live  
And then she told me that she want me to cut her  
But she ain't want me to use no rubber (no rubber)  
I'm feeling like u tryna get me caught up  
No disrespect little mama but that's just how I was brought up  
If I can't use protection when I cut  
Then it ain't no cut  
I can't picture me going in you raw  
That just ain't what's up  
Lil mama I'm a pimp  
And I will never get caught in my life  
Cross my heart and hope to die  
Girl you know how playas rock
