Feel Right

Hurricane

Do you know how I'm feeling?
That's strike through the ceiling
Do you feel what I'm feeling?

I can't get you to know
What's actually going on
But I want you to know, baby!

You're standing far away
From me don't you see
You should be here
Supporting me don't you see

You should be feeling
What I'm feeling
But you don't feel me
What you want me to do?

You got something what I'm missing boy it feels right
I don't know what it is, but it is feels right
Feel right, feel right, you feel right, you feel right

You got something what I'm missing boy it feels right
I don't know what it is, but it is feels right
Feel right, feel right, you feel right, you feel right

In the heavy rain
You see me running insane
Expressing how I'm feeling
Isn't quite my thing

Is it possible this weather can change people
But not what I'm feeling
Isn't it so strange?

Why am I holding myself from to you?
I should be focused on someone new
Someone other than you

Do you know how I'm feeling?
That's strike through the ceiling
Ooh ooh
That's how am feeling
Without you, without you, baby

You got something what am missing boy it feels right
I don't know what it is, but it is feels right
Feel right, feel right, you feel right, you feel right

You got something what I'm missing boy it feels right
I don't know what it is, but it is feels right
Feel right, feel right, you feel right, you feel right

You feel so right, you feel right
You feel so right, you feel right
You feel so right, you feel right
You feel so right
