

Personal

Hurricane

Boy, I want to sleep with you
And maybe you can scream
My name when I'm on up your body
Boy, I want to sleep with you
And maybe you can scream
My name when I'm on up your body

Don't take this personal
Don't take this too personal
'Cause all I want is me on top of you
So come on, give me some of you
That summer juice up on my body

I can show the jammin in this crib
And all on my girls threw the freaking party
T-t-t-time to show these fellas how it is
We're gonna make them to commit
Speak to me, daddy boy, switch me positions
I'm smellin' lust in the atmosphere
U-u-up and away, baby, make me your victim
Make me scream your name in vain

All I want is you, my sex toy
You can love me with the lights on
Lift me up high, babe, what you want, boy, boy?
Turn me on

Boy, I want to sleep with you
And maybe you can scream
My name when I'm up on your body
Boy, I want to sleep with you
And maybe you can scream
My name when I'm up on your body

Don't take this personal
Don't take this too personal
'Cause all I want is me on top of you
So come on, give me some of you
That summer juice up on my body

I'll be lookin' back while you are starin' from across the room
You got me in the mood tonight (Ay)
Got me on that extra trippy, sippin' on that jaddy
Any minute I'll be in you tonight (Up on my body)
Don't take this personal 'cause body so exotic
I want it, I'm on it, I know you did this on purpose, so
Hearin' my name and denim make 'em feelin' sentimental
Got me crazy and she like to say "So work it 'till when it comes up"
I know it's like you, what you want girl

All I want is you, my sex toy
You can love me with the lights on
Lift me up high, babe, what you want, boy, boy?
Turn me on

Boy, I want to sleep with you
And maybe you can scream

My name when I'm up on your body
Boy, I want to sleep with you
And maybe you can scream
My name when I'm up on your body

Don't take this personal
Don't take this too personal
'Cause all I want is me on top of you
So come on, give me some of you
That summer juice up on my body

Boy, turn me on
Up on my body
Boy, turn me on
Up on my body
