

## Come To Me Baby

Hurricanes

Come to me baby  
Holdin' my hand  
Come to me baby  
Lovin' a man  
I give you lovin'  
Feeling my pain  
You tell me nothing  
I go in vain  
I hit the road I'm in the mood  
I gotta see somebody  
Turn out your love  
And what'll you do , honey?  
If I start  
I know I love you  
But guess I'm but jokin'  
Come to me baby  
Tell you no lie  
Come to me baby  
Don't ask me why  
Someone says that  
You movin' away  
I tell you if I'm  
Seein' a lay
