Eat

Hurt

Eat, breathe, anything but sleep
Please, I don't wanna wait to find
This, another day when
Nothing ever changes
It won't go the way, that is
Not with all these "what if I'd", "could've been"
"Might've been", "should've been"s
Everything's better but you're still nothing

Till I'm on my way back home
I'm on my way back home
I'm on my way back home
I'm on my way back home

So, when you meet me
Please, don't wanna be like me
I can't stand to wake to find
I'm just another day behind
Nothing ever changes
It will stay the way it is
And it won't matter much
What I know, what I doubt
Watered down, filtered out
Suck it in, spit it out

You're still nothing
Still nothing
Still nothing
Still nothing
You're still nothing
Still nothing
Still nothing
You're nothing
You're still nothing

Cull those feelings down again
If it rolls inside your head
Then it grows inside you
Cull those feelings down again
If it grows inside your head
Then it rolls inside you
Cull those feelings down again
When it rolls inside your head
Then it grows inside you
Cull those feelings down again
