Trigger Happy Jesus

Hurt

I was chillin' in a room with a friend of mine
He crossed the line when he tried to make me
I bought the shit with the tools and the deadline
I saved a soul when I flipped my safety
I wanna surrender

Caught in a room of a cool who was takin' guys
She did a line then she tried to mate me
I told her god was a god damn friend of mine
Who wouldn't mind if I fucked your body

And if you wanna go my way
I know who I'm gonna be

Got to be
I got to be a trigger happy Jesus
Got to be
Trigger happy
Trigger happy Jesus

What you see is what you find
What you love you leave behind
Burn to turn yourself for me
Justifies the whole routine
Listen to me
Won't you listen to me?
Won't you listen to me?

I was drinkin' a beer by the border line
I met a girl that would try to save me
In the back of the car, by the county line
She told her dad that Jesus raped me

Got to be
I got to be a trigger happy Jesus
(Did you say that you wanna remember?)
Got to be
Trigger happy
Trigger happy Jesus
(Did you say that you wanna surrender?)

I know my pain
I know my way
I wanna remember
I wanna remember
I love my hate
I know my fate
I wanna remember
I just wanna surrender
If you ever go my way
I know who I'm gonna be

It's a simple thing before I go
It's a simple thing that you should know

I know my pain
I know my way

I wanna remember
I wanna remember
I love my hate
I know my fate
I wanna remember
I just wanna surrender
I want this to be over
I want this to be over
