

# All I Got

Hush.

It's my time to shine  
I can't let nothing hold me back  
This ring is my stage

Yo, Everybody's gotta  
a story to tell,  
my book begins when  
the rest of the world  
takes a look  
at my life, my eyes  
the things that I've seen  
my world, my pain, the  
things that I dream  
this time it's my turn, I  
know what I've got  
One Blood  
One Heart  
One Mind  
And one shot  
I've got to prove it  
to myself that I  
cannot fall  
And carry the weight  
of the world in my palm

I fight myself inside everyday  
I know it's a struggle  
but still I maintain  
To play by the rules  
there's no way  
that i cannot win  
today is my day!  
It's my life  
and i aint gonna waste it  
my dream  
You know I gotta chase it  
No Fear, No time to go back  
I've gotta leave a pint of  
blood on that mat  
this is it  
It's all I got  
One Blood  
One Heart  
One Mind  
And one shot  
this is it  
What I've waited for  
Everything that I worked  
hard and payed for  
My fear I gotta face it  
So close I can taste it  
This is it  
It's all I got  
One Blood  
One Heart  
One Mind  
And one shot

Yeah!
