

## Everybody's Talking

Hush.

Fate will find its way eventually, he said  
rushing in won't get you anywhere  
-kiss me now, she whispered  
all good things come to those who wait  
mustn't the fruit be ripe before you raise your arm and  
pluck it  
-kiss me now, she said  
As her impatience grew and her mind went wild  
and he had all the time that age can buy  
he kept on telling her

I don't wanna mess around now  
everybody's talking in town  
baby you are hard to please  
have a little faith in me now  
just wait and see

How he kept on emphasizing that patience is a true  
virtue  
and that sometimes doing nothing is the best to do  
-love me now, she said  
I reckon, we agree that this between you and me is  
worth waiting for  
Rome wasn't built in a day and tomorrow may not be so  
far away  
-love me now, she craved  
As her impatience grew and her mind went wild  
and he had all the time that age can buy  
he kept on telling her

I don't wanna mess around now  
everybody's talking in town  
baby you are hard to please  
have a little faith in me now  
just wait and see
