

## Miles Away

Hush.

Look in my eyes  
when did we fall out of love  
I'm not looking for a reason to fight  
don't want us to argue tonight  
and I don't want to end this now

I try to get closer  
with every little step I take  
but even when I hold you  
you're still a thousand miles away

With all my might  
I have been trying to show  
I'm not looking for an easy way out  
don't wanna be fighting tonight, no  
and I don't wanna see you go

I try to get closer  
with every little step I take  
but even when I hold you  
you're still a thousand miles away

Can't get any closer  
no matter how hard I try  
and everytime I hold you  
I see the distance in your eyes  
Maybe this time  
we took it too far  
too much at stake for struggling hearts  
I'm losing my mind  
Is it too late to turn it around  
I try to get closer...  
You're still a thousand miles away
