

## Pilvorm

Hush.

You've been watching the night go by  
You're looking kind of sleepy  
It's okay if you all strike out  
Cause that's the way the party goes  
You're taking goods from people twice your size  
You're looking kind of hazy  
It's okay if your lunching dies  
Cause that's the way the party goes

That's the way the party goes [x3]

That's the way the party goes [x4]
