

She's slippin' away  
Crackin' a bottle to sip in the day  
This bitch is in pain  
I wanna help, but she'd skitz off t'shit that I'd say

Man, This bitch is insane  
Maybe I hurt her too bad, maybe I pushed her to this  
Now that I'm burdened wit that  
Man, it's making it worse and I'm dreaming to murder the bitch

We keep on fighting, we ain't ever making up  
Keep fucking, we ain't ever making love  
Hollow threats, we breaking up  
We in love on the drugs, we be good if we take enough

Lately she wanna overdose  
Die like some juliet and romeo's  
I'm sick of livin' I could do it, if y'hold me close  
I'll make peace wit the holy ghost

I got nothing but a bitch in this world  
Ain't nobody else who has stuck by, so  
It's so hard to picture this girl  
Crying on her own in my bed, yellin' fuck life

I ain't got no kids to give  
I can't handle my shit, rather slit my wrists  
My relationship slips, addiction hits  
And it don't help the sitch, when y'bitch is sick

I gotta fix this shit, can't cuz I'm useless  
Act like I don't care and I'm ruthless  
But it's really fucking eating me up  
That's why I'm needin' these drugs. I get high, and don't do sh  
it

She's alone when she's layin' in the bed wit' me  
Brainumb, I be gone wit' the meds in me  
"You're just like your mum & dad". That's what she said to me  
I know that the truth hurts, but that shit is settin' me, on fi
