

Made It Work

Huskii

I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe later I'll be able to go straight and work
But I got babies and my lady wants a crazy purse
I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe one day I'll be able to go straight and work
But is it worth it when you heard and just to stay alert

Every day, I battle with these inner demons
Isolated, I know that I'm just an inconvenience
I try to change but I feel like speaking is weak I leave it
I let it eat at me, fuck it let's go and sleep these heathens
Where's my weed at? I think I need that shiv he's bought
I don't even drink but if it kicks off then I'll shiv this dog
Fuck it, I'm the only one who put my city on
And if you got a problem we could meet up if you really want
I come from Mangaton
Really from Willow Bronx
Now ask my Olders I bet they tell you it isn't wrong
They all remember me selling sticks at the chicken shop
My family never fed me they let me hit the boss
I really grew up with robbers
Missus was in the broth
Labels tryna rip us off
Cause of the shit I've copped
Six figures
We make more if we reap the crop
So why these people always asking if my shit is dropped?

I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe later I'll be able to go straight and work
But I got babies and my lady wants a crazy purse
I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe one day I'll be able to go straight and work
But is it worth it when you heard and just to stay alert

We used to get high cause it helped it the stress relief
We got this chick in Dubai and she's on the sesh with me
I swear my wrist needed ice 'till I want Patek Philippe
Or maybe get the Oyster in white 'cause I swear the flex is deep
Oh man
You don't know the go man
If we talking 28 grams
That's the omen
Got me sayin' "Oh man"
I don't need to grow man
I don't need the plug
Drugs comin' with the post man
We used to have the coppas tryna watch us
Now we holdin' up the money just to cop these nicer watches
I was sober
Just a stoner
Now coppin' this what an OC is
Harry potter with the pot

And my brothers we gettin' on it like
Cuttin' up a brick like a labourer
We meant to sell it
We takin' it
We a failure
This ain't London or Compton
But it's Australia
The bitches all be fancy with booty
Iggy Azalea

I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe later I'll be able to go straight and work
But I got babies and my lady wants a crazy purse
I came from nothin' and I made it work
These razor cuts all on my fingers from me shavin' work
Maybe one day I'll be able to go straight and work
But is it worth it when you heard and just to stay alert
