Toxic

Huskii

No I won't be surprised when she leaves not at all

It's back to puffer jackets
Rap ain't payin enough
Drive a hi vis in this hilux when we take it to cunts
I know cats that catch a habit just from tastin this stuff
Baby I'm crazy come over I'm getting wavy as fuck
I'm fightin demons dolo
I don't care about the dice I roll
Penthouse Benny doin China white with China dolls
I tried to roll like everyone else that shit wasn't for me
Phone on DND fuck it I'll sort that in the morning
I got no opps they just talk they don't wanna war me that's a travesty
No cactus jack
I'm back to black
I'm Jack the Ripper on these rappers I'll go slash the slash
Action packed in my dacks if you got the cash for that
They don't see me at their shows they just beam me for the blow
I'm a genie with blue magic then Houdini in the smoke
I see green and I get greedy so I need another load
My girl say that I'm needy so I treat her like a hoe

I won't be surprised when she leaves I'm surprised that she stayed imma die in these streets
I'm fightin with my mind tryin to sleep 'less I'm high then I'm eets
I'm just fighting off sleep now (x2)

I'm toxic like a fentanyl shot
Bitch you knew me when you met me and you get what you got
I go hard until I'm dead or I can rest when I'm locked
I'm spinnin blocks I used to live at just for debts I forgot
I don't care about these rappers or the next one to pop
That shit was me
Detective sent lil Ben to the box
But I'm back bendin them blocks
I'm doin numbers like them label dudes
I ain't tryna label dudes but Sony put a label on your CD now get paid off views
That's a Rort cousin
I took them same dumb meetings
Floors up then saw nothin
Tore up them contracts
I'm independent on some posse shot
You seem more dependent on some pussy shit
We had to vossi bop the storm to get this cookie spliff
Now look it's lit
I sip Sambucca with some hooker bitch my missus do the booking for and make sure that she lookin thick
Hotel by myself I'm off a 30 just to sook a bit
