

## Intro : Nobody else

Hwasa

Nobody else

No one's gonna help you  
Nobody else  
No one's gonna love you  
Nobody else

Falling like a shooting star  
There's no one at night  
People tell me to be nice  
I forgot how to smile  
Is it time to go to bed

Oh Maria  
Oh Maria

Why don't you love yourself  
There's a thorn on your back  
No one here nobody here

Why don't you love yourself  
Keep a smile on your face  
No one here nobody here
