

Take A Fall

Hybrid

It takes a while but I know in time you'll come 'round
again

The symptom of the cycle that you're on

There's a heart and there's a hope for the light again

I don't know just where you're going wrong

It might seem fine to take a fall, if you're inclined
to break it all

Tell me no lies, you've said 'em all

You're just inclined to break it all

Throw it all against the wall, watch where the pieces
fall

Never wanted to lose it all

You're just inclined to break it all

Break it up!

Break it up!

Break it up!

Break it up!

Just inclined to break it all

Break it up!

(Tell me the lies, you've said 'em all)

(It's my faith thrown against the wall)

Break it up!

(Tell me the lies, you've said 'em all)

(It's my faith thrown against the wall)

Break it up!

(Tell me the lies, you've said 'em all)

(It's my faith thrown against the wall)

Break it up!

(Tell me the lies, you've said 'em all)

(It's my faith thrown against the wall)

It takes a while but I know in time you'll come 'round
again

The symptom of the cycle that you're on

You can get so high but then you get down again

Never even wanting to belong

It might seem fine to take a fall, if you're inclined
to break it all

Tell me the lies, you've said 'em all

You're just inclined to break it all

Throw it all against the wall, watch where the pieces
fall

Never wanted to lose it all

You're just inclined to break it all

It might seem fine to take a fall, if you're inclined
to break it all

Tell me the lies, you've said 'em all

You're just inclined to break it all

Throw it all against the wall, watch where the pieces
fall

Never wanted to lose it all

You're just inclined to break it all

Break it up!

Tell me the lies, you've said 'em all

Break it up!

You've just been crying to break it all

Break it up!

Tell me the lies, you've said 'em all

Break it up!

You're just inclined to break it all

It might seem fine to take a fall, if you're inclined
to break it all

Tell me the lies, you've said 'em all

You're just inclined to break it all
