

SET IN STONE

Hyde

A jealousy grows in his head
It's escalating thread by thread
Unbalance frame over his bed
Planning a spree there's no time left

We can't breathe We can't dream
These empty prayers are all we know
We can't breathe We can't dream
We're sacrificing flesh and bone

Infectiously the hatred spreads
It's escalating thread by thread
Hypocrisy just leaves more dead
Planning a spree and we're running

We can't breathe We can't dream
These empty prayers are all we know
We can't breathe We can't dream
We're sacrificing flesh and bone

Seitouka sareta jyu no shoji
Jyuukou wa kokumin ni mukerareru

I believe we can heal
Refusing to be set in stone
I believe we can heal
We'll show them we are not alone

We can't breathe We can't dream
These empty prayers are all we know
We can't breathe We can't dream
We're sacrificing flesh and bone

Seitouka sareta jyu no shoji
Jyuukou wa kokumin ni mukerareru
Seitouka sareta jyu no shoji
Jyuukou wa kokumin ni mukerareru
