

Evolution

Hydria

Search in their pockets, baby
Their shoes and underwear
You can always be surprised with all the money you'll find there

Is this the country of future?
I don't know, but it's the place where we belong
Is this the chance we have to be someone someday?

Is this the "Eden" you say so?
I don't know, but I'm not really sure
Is this your so-called evolution?

[CHORUS]
Everybody is waiting for the future
('Cause this is evolution, baby)
All the hungry people sing with me
Everyone is paying their taxes
('Cause this is evolution, baby)
And all the money goes to your pockets

The situation is not getting any better
We always waiting for the chances will be real

Is this the country of future?
I don't know but it's the place where we belong
Is this the chance we have to be someone someday?

Is this the "Eden" you say so?
I don't know, but I'm not really sure
Is this your so-called evolution?
