

It is not fiction
Well, this is reality, you know
We're here to keep you satisfied
So smile!

The price is cheap and it won't take much of your precious time
We will be always here, we won't escape and run away
'Cause we are puppets

[CHORUS]
Come in, come in, come in
Into the Freakshow
You will be entertained
By every kind of freaks
I'm sure you'll have fun
Don't be afraid we guarantee you'll have fun

I must be sincere
'Cause you must have talent to be like us
We do it everyday to make the machine keep running

But if you like it faster then I'm sure we can make it better
'Cause you must confess, well
Where would you be without us?
'Cause we are puppets

[CHORUS]

If someday we decide to escape
What will you do to maintain your way of life?
You know we are the ones who make
The system works
So your machine will fail

[CHORUS]
