

Reality Shows

Hydria

Put your makeup on and don't forget your party dress
Work your muscles hard 'cause there are cameras everywhere

Everybody's watching now you can't hide under your bed
Is it too much exposure?
I know you like it anyway!

[CHORUS]

Everybody knows you're ridiculous now
('Cause the reality shows)
Everybody knows you made yourself a clown
('Cause the reality shows)
Everybody know you're ridiculous now
('Cause the reality shows)
Everybody knows how much you're stupid now
('Cause the reality shows)

It doesn't matter what you say, and you don't need to be polite
Please have no restrictions, baby
It's cool to start a fight

Everybody's watching now, it's allowed to get undressed
Is it too much exposure?
I know you like it anyway!

[CHORUS]

Get your champagne, it's for free
The electronic beat is getting louder
Show what's under your party dress
And be the next cover of the magazine

[CHORUS]
