Hyper Crush Remix

Hyper Crush in this bitch until it's over-ver-ver-ver  
Hyper Crush in this bitch until it's over-over-ver

I know way too many people here right now  
That I didn't know last year, who the fuck are y'all?  
I swear it feels like the last few nights  
We been everywhere and back  
But, what am I doin'? What am I doin'?  
What am I doin'?  
Oh, yeah, that's right, I'm doin' me  
I'm doin me  
I'm livin' life right now, mayne  
And this what I'm a do 'til it's over  
'Til it's over  
But it's far from over...  
Far-far-from over

Bottles on me, long as someone drink it  
Never drop the ball, fuck are y'all thinkin'?  
Makin' sure the Young Money ship is never sinkin'  
'Bout to set it off, set it off, in this bitch, Jada Pinkett  
I shouldn't've drove, tell me how I'm gettin' home  
You too fine to be layin' down in bed alone  
I swear this life is like the sweetest thing I've ever known  
'Bout to go Thriller Mike Jackson on these niggas

I'm 'bout to cold Vanilla Ice,  
White, Rappin' for a livin'  
That's the passion that I give 'em  
Sarcasm so they listen.  
My flow is so hyper,  
The club is what we crush.  
And I'm focused like a sniper.  
We ain't over 'til it's done. (done)

I know way too many people here right now  
That I didn't know last year, who the fuck are y'all?  
I swear it feels like the last few nights  
We been everywhere and back  
But, what am I doin'? What-what am I doin'?  
What am I doin'?  
Oh, yeah, that's right, I'm doin' me  
I'm doin me  
I'm livin' life right now, mayne  
And this what I'm a do 'til it's over  
'Til it's over  
But it's far from over...  
Far-far-from over

M-m-message on my beeper  
Make them a believer

'Bout to do it big in this bitch  
Clean the [?]  
I came here to dance  
Everybody's acting cool  
'Bout to teach them who runs shit,  
Back to School.

Hey, hey, hey, hey.  
Hyper Crush in this bitch until it's over.
