

Go (8x)

Bad bitch dot JPEG  
Rough ride, latex  
Pop off, safe sex  
Amen to the apex  
Bad bitches break necks  
Stop, hit the tape deck  
Vertigo, so sideways  
Stay in class, mind games

White boy dot JPEG  
Get money, break bread  
We turnt up, lace  
Too loud and I'm brain dead  
2013, that night wave I'm surfing  
I dive in 'cause I'm thirsty  
On the driveway, I'm swerving

Vertigo, vertigo go go go (8x)  
Vertigo!

Right click, save as  
Download, data crash  
New shit, same tab  
Brain working like Rayman  
Two cups in the same hand  
Too much and I rain dance  
Make a dove crowd, make a bird sing  
No mercy when I'm thirsty, uh

Nate night, word flow  
Get that money, turn pro  
Nails done, hair did  
Everything done for the weekend  
I sleep in when I pass out  
Don't throw stones in a glass house  
Vertigo, hands out  
Two steps and I black out

Vertigo, vertigo go go go (8x)  
Vertigo!
