

Little By Little

Hypnogaja

all i can think about, is where i want to be in my life.
and all i can dream about, is how to get there, yeah.
sometimes i feel left out, it's hard because i'm not like the rest.
it might take a miracle, but somehow i'll get there.

i'll get there by little by little by little by little by little by little by little. x3
i'll get there by little by little by little by little, by little

i know there's a place for me, somewhere out there.
far beyond what i can see, i'm gonna get there.
little by little by little by little by little.
i'm not gonna stop cause i'm not a quitter.
gonna play the game of love like a fiddle cuz time is on my side.

i'll get there by little by little by little by little by little by little by little. x3
i'll get there by little by little by little by little, by little

i can see it all so clear.
been walking through a darkness, and suddenly there's light.
and all around me, are familiar, faces.
telling me, that they always believed in me.

know there's a place for me, somewhere out there.
far beyond what i can see, i'm gonna get there.
little by little by little by little by little.
i'm not gonna stop cause i'm not a quitter.
gonna play the game of love like a fiddle cuz time is on my side.

i'll get there by little by little by little by little by little by little by little. x3
i'll get there by little by little by little by little, by little
