

# Dead World

## Hypocrisy

They have a master plan  
Divide us all, make us suffer  
Terminate the human wh\*re  
We'll drop like flies, we're the lab rats

You hate me, I hate you  
They're feeding off our hatred  
They're feeding off our anger  
They push me, they push you  
They push us in the corner and wait for us to explode

I see the world dead  
With their evil minds and evil plans  
I see the world dead  
With bleeding fits and triggered hate, the slaughter of the damned

Will we ever stand our ground, or will we lay down and wait to die?  
With poison in our veins, chemtrails as far as eye can see  
We'll drop like flies  
With this hunger games

There is no justice, there is no truth, of what they're saying  
and what they will do  
With aluminum in our veins  
We will drop dead soon

Governments around the world is about to succeed with their evil plan, exterminating humans  
See how we run, see how we suffer  
Turning us against each other

I see the world dead  
With their evil minds and evil plans  
I see the world dead  
With bleeding fits and triggered hate, the slaughter of the damned

The earth is cracking into pieces, we are the global experiment  
The hate is driving us mad  
It's the slaughter of the damned
