

Dominion

Hypocrisy

Learning through pain
To feed your mind against yourself
To become an exterminate machine
Deciding on the freedom of the earth
Read my mind as I read yours
Did you see what I feel?
I control your life and thought
Don't you try to wipe me off
I am creator
Universal dominator
The source of eternity
I am the black hole
A flick of my finger
I push you off the edge
I choose to destroy your mind
Like the fires can be stopped
A profound, appalling hatred
That many years you've watched us kill
I am creator
Universal dominator
The source of eternity
I am the black hole
With a flick of my fingers
I push you off the edge
With a flick of my fingers
You disappear
I am creator
Universal dominator
The source of eternity
I am the black hole
I am creator
Universal dominator
The source of eternity
I am the black hole
