

# Greedy Bastards

## Hypocrisy

Can't get what you wanna get?  
Why don't you steal like the government?  
Raise taxes with a pocket full of gold  
Hustling and stealing, they don't give a shit about us

Vote for me and I'll make you rich  
Promising words while we're shoveling your shit  
Only fools will follow fools  
Sacrifice our rights to seize more power

There is no power!

Born in debt, slave for life  
Are you blind? Get a life!

Greedy bastards!  
We live in constant fear  
They push us to the edge  
March or die  
Greedy bastards!  
Our minds they clog with lies  
Controls us 'til the end of time

Vote for me, and I'll make you rich!

Hit me up, let me out  
'Cause I can't stand these fucking clowns  
Manipulative bastards that will empty your bank accounts  
Raising taxes and lock us down

Like a virus it will kill our hopes  
Tilt our minds so we cannot cope  
Media drives us to insanity  
And leave us as the evil enemy

You're the enemy!

Born in debt, slave for life  
Are you blind? Get a life!

Greedy bastards!  
We live in constant fear  
They push us to the edge  
March or die  
Greedy bastards!  
Our minds they clog with lies  
Controls us 'til the end of time
